MCLGA TEAM REPORT - AGM - Friday 1 November 2019

This year we have had the fewest number of MCLGA members but hopefully we can change this soon. I'm not so good at being a salesperson but will try !
As I reported in previous years, I am disappointed we are unable to field a 5-a-side team which we won not so long ago but had hoped that we might increase our membership to possibly have one in 2020, but alas that's not going to be the case. If we had sufficient numbers we might be able to enter the **Greensomes league** in the future which are played during afternoons.

Scottish Golf Union were not optimistic about continuing with the County Golf setup but I can report that, at present they are now continuing to do so.

MCLGA objective:
The policy for Midlothian County Ladies Golf Association (MCLGA) to be committed to supporting and developing county golf by providing training for junior girls and ladies – particularly those aspiring to play for the County team and for National or International Honours. It is a proven fact that young girls like to be in groups and Midlothian give them that opportunity with group coaching and golf games on our very own Templar course. *We were delighted of the progress of Hannah Darling who started with Midlothian Juniors and who was selected to play in the Junior Solheim Cup and is in the GB pool for Curtis Cup. A great achievement.*

MCLGA Membership
On behalf of Midlothian I would like to thank all those who participated in fixtures. If you are considering Membership you will find all information on MCLGA Website. There are no handicap restrictions, anyone under the correct criteria can join, you would be most welcome, this can give you an opportunity to play different formats and courses.
